8th Annual Environment Excellence Awards ceremony

Environment protection top priority: Shazia Marri

69 companies awarded on best environment practices

Sindh Minister for Electric Power, Shazia Marri has said that fight against environment de-gradation is among top priorities of Pakistan Peoples Party and its government which will continue its efforts to aware masses to combat environmental threats.

She said while addressing as a chief guest to 8th Annual Environment Excellence Awards-2011, organized National Forum for Environment & Health (NFEH) here at local hotel last night. Chairman Intellectual Property Rights and

former Federal Minister Environment. Hameedullah Jan Afridi presided over the event while Senator Rukhsana Zubairi, Chairperson, Pakistan Engineering Council, Dr. Kaiser Waheed, Chairman, M. Naeem Qureshi, President NFEH, Shams-ul-Haq Memon, Consultant, Coastal Development Authority, Sindh and others also addressed the event.

Shazia Marri further said the present government is very much determined on the issues of environment as President of Pakistan Asif Ali Zardari himself has

been Federal Minister for Environment. She agreed to the idea to make part the environment as a part of educational syllabus and said that until the mothers will not educate their children to become a responsible citizen, with regard to keep surroundings/ society neat and clean, the country will not get rid off the environmental problems. She said that it is high time to work for the change of attitudes in every individual to develop Pakistan green and clean and further stressed for the need to protect and

Speakers of Corporate Dialogue on Environment

nourish the nature which is gifted to our nation by Allah almighty.

Hameedullah Jan Afridi briefed the participants of the event about the measures of the Federal Government taken so far to address environmental issues. He said that at present polythene bags are big source of pollution in the urban areas of country and announced that soon a package in the shape of tax remedies will be given to polythene manufacturers to provide them alternatives of job/earnings

Senator Rukhsana Zubairi and other speakers were of the opinion that the global temperature has decreased by 0.6 C in past 100 years and such deficit will rise further up to the end of present century by 1.4 to 5.8 C. They said that the Pakistan was also facing problems due to retreat of glaciers, increase in frequency of extreme events being observed since recent years in shape of floods, droughts, cyclones and earthquakes causing catastrophes and

economical losses and precious lives and property. They emphasized the need of more investments in renewable energy technologies and by adopting climate changing and mitigating efforts. In this regard the speakers suggested measures to initiate waste and effluent treatment plants, usage of great potential of solar, wind and wave energy resources to address present energy crisis.

Among others Zafar Iqbal Gondal, Chairman EOBI, Khalid Subhani, CEO Engro Fertilizer, Saeed Shafiq President Karachi Chambers of Commerce & Industry, Gulzar Firoz, Zaheer Baig, Qasim Zaheer, CEO Total Lubricants addressed the event and presented suggestions for environmental up-gradation in Pakistan.
